SUBJECT: Basic Physical Security Requirements - [REDACTED]

25X1A

25X1A

Reference is made to discussions on this date between Mr. [REDACTED] of your office and representatives of the Office of Security relative to the basic physical security requirements of the proposed relocation of the Office of Training components to [REDACTED]. At that time, it was suggested to Mr. [REDACTED] that the basic physical security requirements be along the following lines:

25X1A

a. Physical security standards provided by this office should be incorporated into the [REDACTED] and recreation hall draft plans.

25X1A

b. The classroom area and the auditorium should be enclosed with the standard eight foot chain-link fence with barbed wire overhang.

c. Four additional guard posts should be established at Site 1 to provide for the protection of the classroom and auditorium areas, [REDACTED] and recreation halls.

25X1A

d. The existing main gate may be used for traffic to Site 1; however, it may be desirable at a later date to reevaluate this recommendation in the light of established requirements.

e. In order to prevent the intermingling of students between Site 1 and Site 2, the students assigned to both sites should be instructed to confine their activities within their assigned areas.

f. A Career Security Officer should be a member of the permanent Office of Training staff assigned to Site 1.
